How to Care for your GF Breads and Treats

It is important that your breads & treats be stored in the freezer or refrigerator as we do not use preservatives. Pull out a few slices of bread as you need them. If microwaving your bread slice, try spritzing the slice lightly on both sides with water. Then microwave on low for about 10 seconds (longer if frozen). Your bread will taste and feel like it just came out of the oven!

Gluten Free Egg Free Casein Free

The following breads and treats may be made on Thursdays. We recommend that you call a couple days before to place your order. Many other items may be available. Please ask for Alayna.
